

UNESP – *Campus* Assis

Dear UFSCar-Brasil Team,

We, from the UNESP of Assis, would like to thank the UFSCAR-iGEM for having helped us to structure and organize our team since the Brazilian version of the Jamboree, organized in São Carlos this year. Their support pushed us to feel motivated and, therefore, have more ideas coming for projects and activities along with them. We believe these contributions of them will promote relationship between the teams and help spread the word about the iGEM.

Sincerely,

Victor Nunes de Jesus
